

Media release – 25 November 2013

East meets West at Raffles 2013 Graduate Showcase *Young, up-and-coming designers show the best of Byzantium*

Edgy and fresh creativity will collide with a dazzling array of ‘New Byzantium’ themes at this year’s annual Raffles College of Design and Commerce Graduate Showcase, held at Carriageworks (245 Wilson Street Eveleigh), 6pm on Tuesday, 10 December 2013.

An event that is open to the public, the Graduate Showcase exhibits and celebrates the outstanding design work produced by Raffles’ students across the fields of Graphic Design, Interior Design, Fashion Marketing, Digital Media and Photography. The works that will be displayed are the culmination of three years of study by Raffles’ graduates.

The Graduate Showcase will be held in conjunction with the highly acclaimed Graduate Fashion Collections, a professional runway show previewing garments

from some of the hottest up-and-coming local and international fashion designers and one of the most important dates on the fashion industry calendar.

In the past the Raffles Graduate Showcase and Fashion Collections have attracted some approximately 1000 guests including designers, industry professionals, media and bloggers. The night provides a look at the extensiveness of the work emerging from the college and highlights the level of talent shown by graduates, all of who embody the college's message of inspire, imagine and invent.

Raffles College of Design and Commerce is a unique education provider based in North Sydney, specialising in design, visual communication and business. The college is part of Raffles Education Corporation, with a network of over 34 colleges across the Asia-Pacific region.
