RAFFLESE EDUCATION CORP LAUNCHES REVAMPED WEBSITE

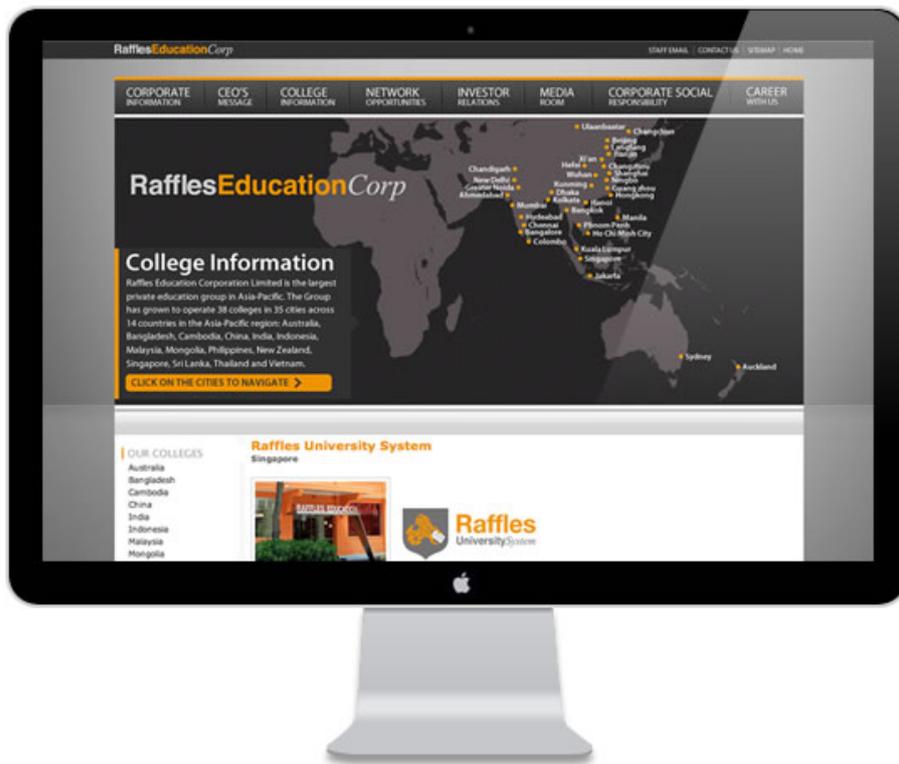

- *Improvements in navigation and design for easy and efficient access to relevant information*
- *Addition of “Media Room” feature and “Corporate Brochure” in revamped site*

Singapore, 25 January, 2011 – Raffles Education Corporation Limited (“RafflesEducationCorp” or “the Group”), the largest private education provider in the Asia-Pacific region, today unveiled a fully revamped version of its website www.raffles-education-corporation.com, in a move to reflect its rapid expansion across Asia-Pacific and improve web users’ experience of its corporate website.

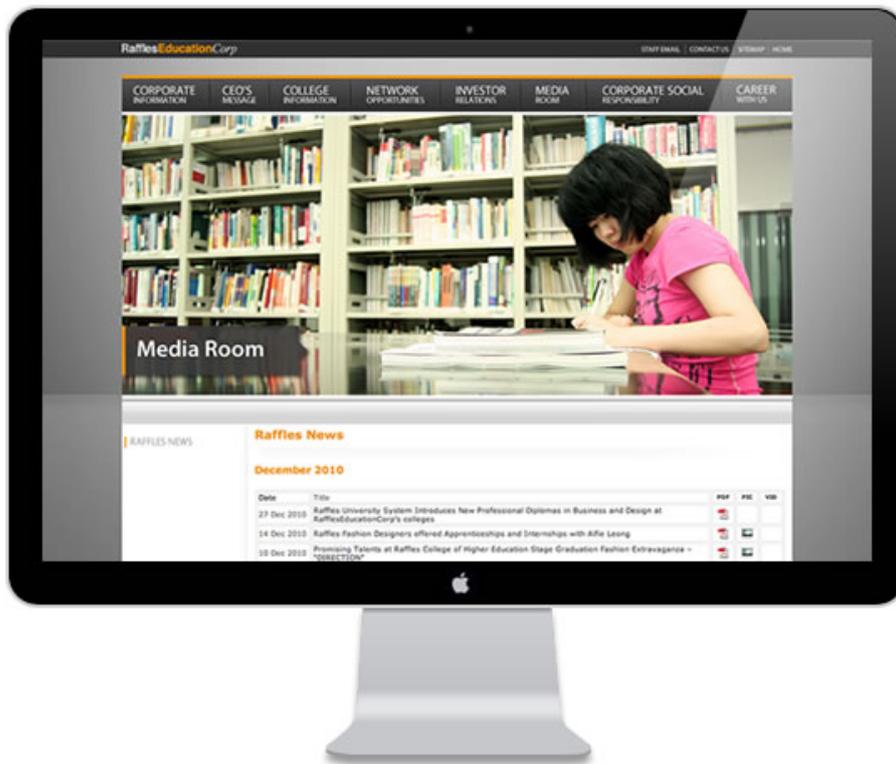

The redesigned website provides users with improvements in navigation, appearance and a seamless user-interface, making it easy to find relevant information on the Group and its network of colleges in the Asia-Pacific region.

One key change is the way information on Raffles network of colleges is presented. Users can now retrieve information on RafflesEducationCorp’s colleges either from an interactive world map or from a list of countries, arranged in alphabetic order, from a peripheral menu. This change will help relay information from the Group’s 38 colleges in 35 cities across 14 countries and allow local and international web users to navigate through the site seamlessly and gain a better understanding of RafflesEducationCorp’s scale and operations in Asia-Pacific. Previously, information on the colleges was grouped according to college names.

Two new features were also introduced in the revamped website. The new “Media Room” section was created to share news, press releases, photos and videos with local and international media, as well as the general public. The other new feature is a digital corporate brochure that provides a quick overview of RafflesEducationCorp’s operations and business strategy.
